

P4C IN LITERACY

using philosophy for children to improve the teaching and learning of literacy

online course Wednesday 25th November 2020 1:30-4pm £50 per participant

A fun, interactive online course to give teachers **inspiration and practical ideas** of how Philosophy for Children can enhance the teaching of Literacy (high focus on Writing)

Facilitated by Jane Yates and Topsy Page – P4C trainers with a background in leading primary English

By using P4C as a stimulus for writing, it enables children to write about the ideas that interest them most. This is hugely empowering.

- Headteacher, Cumbria

I wrote my first brilliant piece of writing after a P4C enquiry.

- age 10
